All Local 3324 Members

Dear Members,

Our local has been very active in the past few months; I am pleased to provide this brief update on the process of your negotiations. To date your negotiation team has met a total of 6 sessions. I can say that we are continuing to advocate for all our members concerns. We will continue to address them at the negotiating table.

As suspected, this round of negotiations is moving at a slower pace than in the past. However, we continue to make progress and we are committed to persist with talks on the issues and changes that you would like to see in the collective agreement.

While we have made some progress, there are still several outstanding issues that will need to be addressed. Your negotiation team will not be doing any further negotiations until the fall, as it is difficult to get everyone together during the summer period.

Lastly, on behalf of your executive we wish all our members, a safe and enjoyable summer. We will continue to keep you updated in the negotiation process.

In Solidarity,

A handwritten signature in black ink, appearing to read "Jason Woodbury". The signature is fluid and cursive, with a long horizontal stroke at the end.
